About the Academy

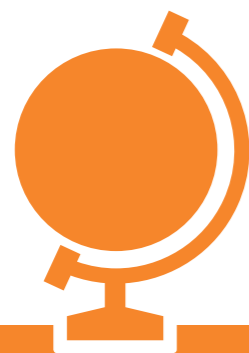

Established in 1997, Bath Academy is an independent Academic Tutorial College and Language School set in the centre of the beautiful world heritage city of Bath. We have two main locations a few minutes' walk apart across the main city square, offering our students different spaces to study and relax in, including a student café and rear garden.

WHAT IS YOUR ENGLISH LEVEL?

We have an online placement test to help you determine this. The test is not a 'pass' or 'fail' test but does provide important information that allows you to be placed on a course that matches your current level of English. Students can take the test on our website:

www.bathacademy.co.uk/study/english-language-training/english-language-placement-test/

Your class level can change any week when you and your teacher agree you are ready. As a guide, it takes approximately 200 learning hours to progress from one level to the next.

CEFR stands for Common European Framework of Reference. The CEFR levels provide a way of describing a person's language proficiency.
